

SpanMark™ Low Line Warning Flags

Helps prevent tall equipment or helicopters from striking low lines

SpanMark warning flags are a low cost solution for marking low hanging live lines. Made of durable vinyl material in bright orange, yellow, or red, each flag comes with a patented SnapFast Clamp for simple, sure installation by hand or hot stick. Available with reflector, symbol, or text options.

SpanMark Applications

SpanMark warning flags make it quick, easy, and affordable to mark low hanging hot lines near utility facilities, construction sites, or anywhere tall equipment or helicopters might strike a line.

Easy to Install on Hot or Cold Lines

Using a hot stick and SnapFast™ clamp installation tool (sold separately), SpanMark flags can be installed on live lines up to 115 kV. The flags are also safe to use with OPGW lines. The patented SnapFast clamp prevents slippage on single or bundled cables, even in a Force 8 gale. Choose from two sizes of clamp: 10–70 mm (0.39–2.75 in.) or 4–16 mm (0.16 to 0.63 in.).

Opening a SnapFast clamp before installation.

Push the open clamp against the line until it snaps on and locks itself. (SnapFast installation tool and hot stick required.)

To remove, use the installation tool (on a hot stick) to hook a finger hole on the clamp and pull down.

Reflector, Text, or Symbol Options

SpanMark flags are 12" x 11.75" and made from a durable, flexible vinyl material in bright orange, yellow, or red. The flags can be blank, have reflective 3M tape in the center, or be printed with text or a symbol. Custom printing is available by special order. Each flag weighs 0.6 lbs.

ORANGE FLAGS

"Danger High Voltage" Text
Small clamp: USEKSW716OR
Large clamp: USEKSW702OR

Danger Symbol
Small clamp: USEKSW717OR
Large clamp: USEKSW703OR

Reflective Center
Small clamp: FL03014
Large clamp: FL03013

YELLOW FLAGS

"Danger High Voltage" Text
Small clamp: USEKSW716YE
Large clamp: USEKSW702YE

Danger Symbol
Small clamp: USEKSW717YE
Large clamp: USEKSW703YE

"X"
Small clamp: USEKSW722YE
Large clamp: USEKSW712YE

RED FLAGS

"Danger High Voltage" Text
Small clamp: USEKSW720RE
